# SHAASTRA 2018 MENTOR APPLICATION ENVISAGE

## INSTRUCTIONS:

- The entire application **should not exceed 5 pages.**
- The number of ideas does not matter if not validated properly. Each idea should be thoroughly thought through before being included in the application
- The application will be your bible for the next year. Ensure that it is a “plug and play” application
- Deadline for submission: **11.55 pm, 16.04.2017**
- Timelines should be included in Google calendar (preferably) or in a separate document
- Please meet current cores and previous year (Shaastra 2017) team

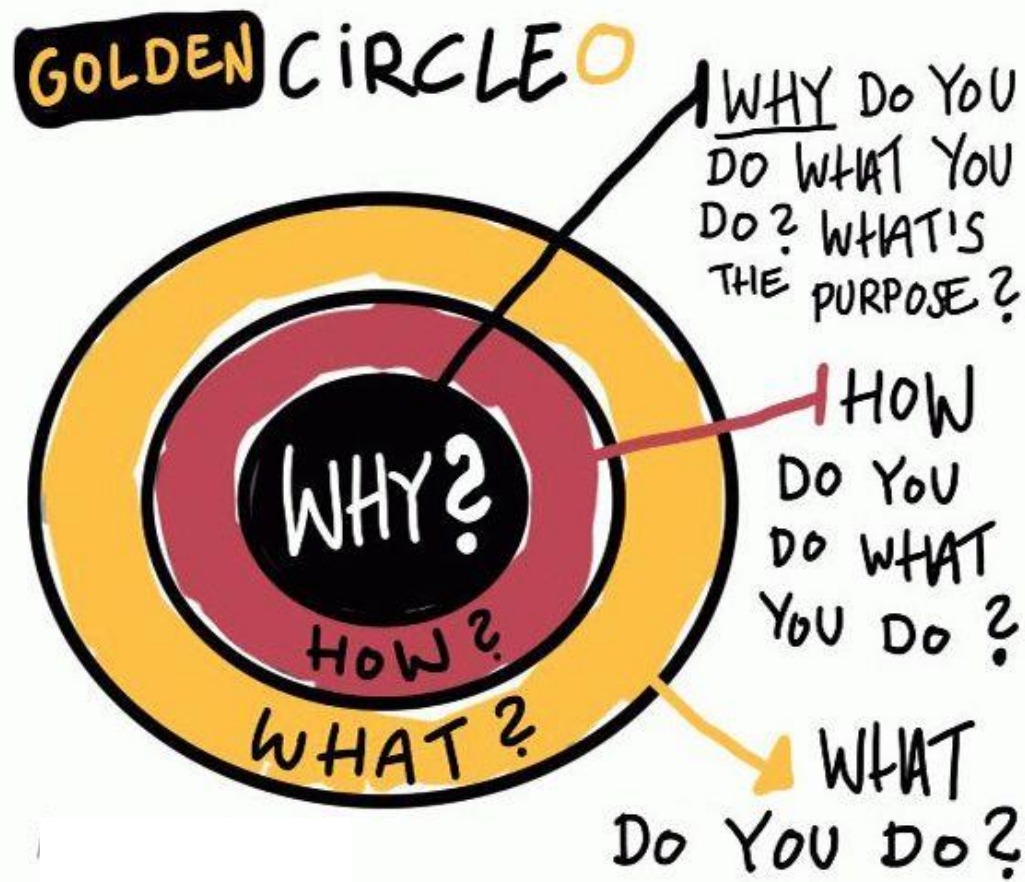

Deepanath C	9445460229
Abhishek Kelkar	98197 98775

## Previous Year Cores

Harshit Dohare	9962879064
Omkar Vanjpe	7708173059

- Skillset requested from applicants – None! Just enthu is enough
- **All Questions are mandatory**
- Your very own Shaastra journey has begun. Please make sure you have fun along the way. All the best.

The key to any successful undertaking is to understand the Golden circle. Please answer all questions below, after giving this a thought.

1. What are your **new proposals** (at least 1) for the projects to be shown in Envisage 6.0? (Keep in mind the feasibility, scalability, cost and security issues of the projects, for example projects such as those which have naked fire, naked electricity aren't allowed in SAC)
2. Keeping your proposed project(s) in mind, Devise a **timeline** for the project with small milestones during the semester. Summers are inefficient. Or are they? Tell us why. Or why not? And what will you do about it? As a mentor, you are required to mentor the coordinators towards a project. Tell us your plan of action for the summer.
3. Describe a minimum of 2 Tech Ambience project ideas and how are you going to go ahead with mentoring Tech Ambience projects?
4. What are the contributions from your end towards the club?
5. What is your previous experience. What is your expertise in Tech? Why do you think you are ideal for this position? Why should we NOT select you?
